*** * * * STUDENT ACCIDENT INSURANCE * * * ***
*** * * * PARENTS – YOU ARE RESPONSIBLE * * * ***

Under State Law, school districts are not liable for accidents which occur in schools. It is important to understand the school/district **IS NOT** responsible for medical payments or bills for your child. If your child is injured during **SCHOOL, ATHLETIC, NON-ATHLETIC, UIL, OR SCHOOL SPONSORED ACTIVITY** all medical charges are the responsibility of the parents/guardian.

In an effort to assist parents with medical bills if/when students are injured while participating in UIL athletic & non athletic school events, the school district has purchased an accident insurance policy to assist parents with medical bills. This policy includes students in grades 7-12 participating in UIL athletic and non-athletic activities. This is a limited benefit policy, and any expenses not covered by this policy are the responsibility of the parents.

Parents may also purchase accident insurance for ANY student in the district from grades K-12. This is a limited benefit policy, and any expenses not covered by this policy are the responsibility of the parents.
