Disinfection and Sanitization:

Equipment:

- Spray bottles, sanitizing wipes, and commercial sprayers will be used to disinfect and sanitize before, during, and after strength, conditioning, skills, practice, and games.
- Emphasis will be given to high touch surfaces and surfaces that are used by multiple student-athletes, disinfecting between users.
- Equipment like barbells, dumbbells, medicine balls, balls, and blocking equipment will be sanitized after each use and before new athletes use it. Spray bottles and paper towels will be at each station so athletes can spray and wipe down after each use. Timelines must be built into routine for disinfecting products to be effective.
- Balls and equipment will be rotated to allow sanitizing and time to dry.
- Specific facilities will undergo enhanced cleaning in which an individual with a confirmed COVID-19 positive has been identified per CDC and industry guidelines.

Students and Coaches:

- Both student-athletes and coaches will sanitize their hands before, during, and after workouts. There will be multiple hand sanitizing stations spread out at all workout areas.

- Student personal equipment such as mouth guards, pads, helmets, braces should be cleaned and sanitized daily.
- Athletes should wash work out clothing daily and arrive to practice with clean workout clothing. No clothing should be shared.
- Masks should be washed daily and worn at practice when not doing aerobic activities.

Practice and Game Requirements:

Social Distancing, Interactions During Practice/Play, and Shared Facility Use:

- **6 Foot Rule** – Maintain 6 feet of space between each other. This includes lift groups, run groups, skills, restroom, locker rooms, and transition between activities.
- **All student-athletes, when not engaged in strenuous aerobic exercise or activities during practice must wear masks.** Coaches will wear masks at all times.
- **Physical Contact** – Limit physical contact such as high fives, fist bumping, pats on the back, handshakes, and arms around each other in/out of huddles when not engaged in practice the 6-foot rule should be followed. Coach-athlete conversations should follow 6-foot rule.
- **Restrooms** – Student-Athletes and Coaches are required to wash hands; utilize the “one in one out” model for restrooms; sanitize hands after exiting; open trash cans will be placed near doors to encourage opening doors with the paper towel used to dry hands. Locker rooms will not be used during remote learning – athletes will come dressed and leave dressed.
- **Hydration** – Water will not be provided to student-athletes. Student-athletes will be required to bring their own individual labeled water bottles. They are prohibited from sharing water bottles and used water bottles must be taken home or thrown away. Hydration refill stations will be provided and supervised by a coach, trainer, or campus staff. Systems should be set up to keep water bottles labeled, kept apart, and to socially distance during hydration.
- **Weight rooms** will use staggered equipment with a rack in between each group. Spotters are required to wear a mask and in between lifts. Two spotters should be placed at each end of the bar and not directly over an athlete. No more than four athletes may share a rack or equipment. Bars, weights, and racks will be sprayed after every use.

• **Emergency Procedures**

- Emergency procedures should be included in all coaching and team preparations to include what to do for injuries, players getting sick and inclement weather (especially lightning safety).

• **Entry Entrance and Exit Procedures**

- Each campus will designate athlete parking areas
- Entrance and exit doors will be identified to minimize contact
- Inside the building and facilities, student-athletes and coaches will walk on the right side and yield to others at hall intersections.
- Staggered schedules to avoid large groups in one area.
- Parents or people picking up student-athletes should wait in their cars

Player Screening Prior to Practice and Games

- Students will complete the screening process each day on the Skyward app before arriving at school.
- Coaches will check their team roster for completion of screening on Skyward to verify that each athlete is cleared to participate. If an athlete has not completed the screening, they will complete at the entry before being granted access to practice or game.
- Coaches, trainers, or staff will verbally screen and take temperatures of each player upon entry to the practice or game facility. The verbal screening is to ensure that the student completed the screening form before arriving on campus.
- Screening information each athlete will be recorded daily within Skyward. The temperature check will act as verification the athlete was present at practice or a game.
- Temperature/attendance rosters will be turned in at the end of each week to the Campus Athletic Coordinator
- Prior to playing a home game or boarding a bus, each athlete will be screened and have their temperature checked. Each coach will document that the athletes were screened for the opposing team.
- Athletes will be excused from practice if they are displaying any symptoms by staying home.

Communication Systems

- A system should be in place to communicate with athletes and parents.
- A parent meeting will be held prior to the season starting to go through procedures and how parents can ask the coach questions that may arise

Volleyball: Practice and Games

- Masks will be worn at all times during practice.
- Drills should follow the 6 foot rule between athletes.
- Balls will be rotated between drills and during exchanges in games to be sanitized with appropriate drying time.
- Athletes should be assigned to specific warm up areas and to specific chairs during practice and games.
- Balls, racks, standards, scorer's tables, official's stands will be sanitized before and after each use.

Football: Practice and Games

- Masks will be worn when not engaged in contact or aerobic drills.
- Helmets, face masks, shields, and pads should be cleaned and sanitized daily.
- Balls, kicking T-s, and blocking pads will be rotated between each use, drills, and during exchanges in games to be sanitized with appropriate drying time.
- Electronic whistles or horns should be used.
- Social distancing rules should be followed when not engaged in practice drills/activities.

Tennis: Practice and Meets

- Balls, racquets, baskets, racks, and benches should be disinfected after each use.
- Players will be assigned to courts to maintain social distancing.

Cross Country: Practice and Meets

- Runners will run in staggered starts and practice runs.
- Warmups and activities will maintain social distancing.
- Masks should be worn before warmups begin and after cool downs.
- Pack running should be avoided.
- Exercise bands should follow the same guidelines as weight room equipment.

Basketball: Practice and Games

- Masks will be worn at all times during practice.
- Drills should follow the 6 foot rule between athletes.
- Balls will be rotated between drills and during exchanges in games to be sanitized with appropriate drying time.
- Athletes should be assigned to specific warm up areas and to specific chairs during practice and games.
- Balls, racks, baskets, machines, and scorer's tables, will be sanitized before and after each use.

Locker Rooms

- Locker rooms will not be used during remote learning. Athletes will come dressed and leave dressed. Workout clothing should be washed daily and athletes should shower immediately after getting home.
- During in school learning, staggered locker room schedules will be developed with athletes spaced 6 feet apart and using all available locker rooms to allow the 6-foot rule.
- Lockers, benches and high touch surfaces will be disinfected after each rotation.
- Locker rooms will be supervised by coaching staff to maintain social distancing guidelines. Masks will be worn except during showering.
- Entrances and exits will be separate where available.

Transportation

- No more than one student will be allowed to sit in a seat/row per side.
- All athletes and coaches will wear a mask while on the bus.
- Buses will be disinfected after occupants depart the bus.

Trainers and Training Rooms

- Athletes who test positive for COVID-19 must be cleared by a physician before they can return to play.
- Athletic Training Rooms will be treated as a health facility with limited access to maintain social distancing and disinfecting of the facility and equipment.
- Trainers will wear masks and gloves when treating athletes.
- Athletes must wear masks when in the training room and receiving treatment.
- Waiting areas, scheduled treatment times, or appointments may need to be implemented due to the space limitations.
- Hands must be washed upon entry and before exit.
- Equipment must be disinfected after each use.
- Ice bags must be disposable and will not be wrapped onto the athlete to maintain social distancing.

- Individual ice buckets will be used and disinfected after each use.
- Electrotherapy – Carbon Electrodes and wet paper towels as conductors.
- Heat Therapy – Covers will need to be washed on a daily basis and wrapped in towels for use.
- Whirlpool use should be limited and must be disinfected after each use.
- Therabands – Provided on an individual basis and disinfected after each use.
- Weights and Medicine Balls – disinfected after each use.
- Theraballs – disinfected after each use.
- Different doors should be identified and used as the entrance and exit.

Game, Contest, and Event Management:

Teams and Participants:

- Clint Athletic Coordinators will send visiting schools and officials game packets that include:
 - Designated drop off/pick up area
 - Mask requirements
 - Entrance to building and facility
 - Where the visiting team will report, team seating area, and where gear can be stored
 - Information on disinfecting facilities and equipment
 - Locker room and/or restroom location (football only). Officials will have separate areas.
 - Inclement weather procedures (lightning)
 - Game streaming information for their parents and fans.
- **Fans, Allowable Visitors, and Streaming**
 - No fans will be allowed into Clint ISD fall athletic contests. All games will be streamed. Information will be made available on campus and district websites and social media
 - Media and allowable visitors will be required to wear masks and stay in assigned areas
 - Passes will not be accepted.
- **Screening Procedures:**
 - District screening procedures will be followed for all visitors that include officials, judges, timers, media, and allowable visitors
 - Visiting team areas will be cleaned and disinfected before and after arrival. Visiting team is responsible for sanitizing their own equipment.
 - Press box areas and scoring tables will be cleaned and disinfected prior to the game, halftime, between matches, and after. Masks should be worn while in the press box. The announcer does not have to wear a mask while announcing a game. Windows should be kept open while in the press box and social distancing followed.

- Pre-games and post-game plans should be coordinated with officials and opposing teams. Gestures of sportsmanship should be conducted in ways that are planned to allow social distancing and without contact.
- Contest areas (courts, fields, gyms, and courses) are closed to anyone not participating in or working the game.

Screening Guidelines (From UIL COVID-19 Mitigation Guidelines):

Required Screening Before Attending or Participating in Activities:

- Staff must self-screen for COVID-19 symptoms before participating in UIL activities or entering areas where UIL activities are being conducted. If the staff member has COVID-19 symptoms, lab tested positive, or been in close contact with someone with COVID-19, they should report to their supervisor and stay away from areas where UIL activities are taking place until they meet criteria for re-entry.
- Parent must ensure they do not send a student to participate in UIL activities if the student has COVID-19 symptoms (as listed in this document) or is lab-confirmed with COVID-19 until the below conditions for re-entry are met. Students must submit the screening form in Skyward App or paper form. Temperature checks will be taken prior to practice and before boarding the bus for games or matches.
- A student who fails the screening criteria will not be admitted into school facilities for UIL activities until they meet the criteria for re-entry.

Individuals Confirmed or Suspected with COVID-19

- Any individual who themselves either:
 - a) *are lab-confirmed to have COVID-19; or*
 - b) *experience the symptoms of COVID-19 (listed below)*must stay home throughout the infection period, and cannot return to campus until the school system screens the individual to determine any of the below conditions for campus re-entry have been met:
- In the case of an individual who was diagnosed with COVID-19, the individual may return to school when all three of the following have been met:
 1. *at least one day (24 hours) have passed since recovery (resolution of fever without the use of fever-reducing medications);*
 2. *the individual has improvement in symptoms (e.g., cough, shortness of breath); and*
 3. *at least ten days have passed since the symptoms first appeared.*
- In the case of an individual who has symptoms that could be COVID-19 and who is not evaluated by a medical professional or tested for COVID-19, such individual is assumed to have COVID-19, and the individual may not return to campus until the individual has completed the same three-step criteria above.
- In addition to the criteria and processes described above, **a student who has been diagnosed with COVID-19 must receive clearance from a physician prior to returning to participation in UIL activities.**
- The El Paso Department of Public Health Return to Play Protocol (RTP) will be followed for all athletes who test positive for COVID-19. The RTP six-step process is on the following link to the epstrong.org website *Return to Play Guidance Protocol and Clearance Medical Forms*:
<http://epstrong.org/documents/covid19/schools/Return%20to%20Play%20Guidance%20Final%20and%20Forms%2009-27-2020.pdf?1603231279>

Identifying Possible COVID-19 Cases on Campus:

- A student must immediately be separated from others when showing COVID-19 symptoms.
- Areas used by the individual with who show COVID-19 symptoms should be cleaned and disinfected.
- Students reporting feeling feverish should be given an immediate temperature check to determine if they are symptomatic for COVID-19.

Close Contact

- This document refers to “close contact” with an individual who is lab-confirmed to have COVID-19. The definition is:
 1. *being directly exposed to infectious secretions (e.g., being coughed on); or*
 2. *being within 6 feet for a cumulative duration of 15 minutes; however additional factors like case/contact masking (i.e., both the infectious individual and potential close contact have been consistently and properly masked), ventilation, presence of dividers, and case symptomology may affect this determination.*
- Either (1) or (2) defines close contact if it occurred during the infectious period of the case, defined as two days prior to symptom onset to 10 days after symptom onset. In the cases of asymptomatic individuals who are lab-confirmed with COVID-19, the infectious period is defined as two days prior to the confirming lab test and continuing 10 days following the confirming lab test.

***Additional Information:** If an individual had “close contact” with a COVID-19 positive person, then they will remain off campus until 14 days after last close contact with confirmed positive person.

Required Actions if Individuals with Lab-Confirmed Cases Have Been in a School or in an Area Where UIL Activities are Being Conducted

- If an individual who has been in areas where UIL activities have been conducted is lab-confirmed to have COVID-19, the school must notify its local health department, in accordance with applicable federal, state, and local laws and regulations, including confidentiality requirements of the Americans with Disabilities Act (ADA) and Family Educational Rights and Privacy Act (FERPA).
- Schools must close off areas that are heavily used by the individual with the lab-confirmed case (student, teacher, or staff) until non-porous surfaces in those areas can be disinfected, unless 7 days have already passed since the person was on campus.
- Consistent with school notification requirements for other communicable diseases and consistent with legal confidentiality, schools must notify teachers, staff, and families of all students in a school if a lab confirmed COVID-19 case is identified among students, teachers, or staff who participate in any UIL activities. If the person who is lab-confirmed to have COVID-19 participated in a contest against another school(s), the school must notify other school(s) and sports/contest officials in the contest.

***Information from the El Paso Public Health Department:** If during the investigation of a positive COVID-19 case, it is identified that there was close contact with other players from a different school, the **health department will notify the athletic director of the opposing team.** Schools will not disclose confidential information to outside teams/districts.

COVID-19 Symptoms

In evaluating whether an individual has symptoms consistent with COVID-19, consider the following question:

- Have they recently begun experiencing any of the following in a way that is not normal for them:
 - *Feeling feverish or a measured temperature greater than or equal to 100.0 °F*
 - *Loss of taste or smell*
 - *Cough*
 - *Difficulty breathing*
 - *Shortness of breath*
 - *Fatigue*
 - *Headache*
 - *Chills*
 - *Sore Throat*
 - *Congestion or runny nose*
 - *Shaking or exaggerated shivering*
 - *Significant muscle pain or ache*
 - *Diarrhea*
 - *Nausea or vomiting*
